

## Write a letter

You can write a letter to the editor, local council or your MP to voice your opinion about an alcohol-related issue. If *you* don't let them know what's on your mind, nobody else will! You never know, your letter might inspire the editor of your local paper to run an article on the issue you've raised, which in turn gets the local council and other services involved in tackling the issue. Give it go and see what happens! Our website contains information about [writing a letter to the editor](#) and your local [Member of Parliament](#).
